## Writing:

There are a lot of fantastic fictional characters out there. Today I would like to talk about ~~one~~ one of the most beloved characters of all time. I am talking about Harry

Potter.

11/19

Harry Potter has appeared in several books written by Juan Rowling. First of all, this character should be remembered, because people all over the world adore stories about him and some even grew up readin these books. Second of all, this character is a great role model. He is brave, smart and caring. Harry Potter can inspire young people and teach them about important things about life. And the last reason for choosing this character is that the author of books about Harry Potter was in a very difficult situation during the process of creating the story, but she didn't give up and became successful. This can teach children that you should never give up.

I think that the statue should be of Harry Potter himself. Maybe he can hold an owl. He should also wear a magic hat that appeared in the books.

In the conclusion, I want to say that Harry Potter and books about him mean a lot to me. The statue of this character could really inspire a lot of people that don't know about ~~mag~~ magic world of books about Harry.
